### VOTE FOR THE BEST IN 1988

### Computer Leisure Awards

For the first time ever, you will be able to join with the readers of many other British magazines to decide who and what was best in 1988. Awards will be made to software producers resulting from your voling through, this, your own magazine, for what you considered to be the best games you have played on your

considered to be the best games you have played on your computer during the past year. Many other magazines are carrying this voting form. It means the results will truly be

democratic, and therefore really mean a lot to those who receive them.

The vetes will be collated by an independent company, to whom you should post y voting form, and the awards will be presented at the Computer Leisure Industry's 'together' — Computer Arena — in March 1989.

So, simply fill-in the voting form below, cut it out for photocopy (2) and send it to
